The Tobacco Education and Research Oversight Committee (TEROC) is a legislatively mandated oversight committee (California Health and Safety Code Sections 104365-104370) that monitors the use of Proposition (Prop) 99 tobacco tax revenues for tobacco control, prevention education, and tobacco-related research in California. TEROC advises the California Department of Public Health, the University of California, and the California Department of Education with respect to policy development, integration, and evaluation of tobacco education programs (funded by Prop 99). TEROC is also responsible for the development of a master plan for the future implementation of tobacco control.
